

FORCE

Plate Cleaner

FORCE is a plate cleaner highly effective in cleaning offset printing press plates.

FORCE is a viscous acidic solution enhanced with scrubbing particles.

FORCE will remove ink while activating the image areas and desensitizing the nonimage areas of any offset plate.

Usage: Apply **FORCE** on the sensitive area, and then rinse offset plate with fountain solution or water.

Shake well before use.

Packaging: 1/2 US gallon (1.893 liters)
1 US gallon (3.785 liters)
